EVENT POWER LIMITED
GENERAL TERMS AND CONDITIONS OF A TEMPORARY ELECTRICAL SUPPLY

- 1 The Electricity supply is derived from generator(s) providing 400 / 230 volts 50 HZ Three Phase
- 2 The Electrical supply and Electrical Distribution is of a temporary nature.
- 3 Sizing of cables and distribution equipment is based upon the power requirement stated on the electricity supply booking form submitted by each potential customer. For this reason, once each application has been accepted, no additional load shall be permitted on the installation without prior consent of the contractor and only when the increase in capacity is available.
- 4 Pre Booked Lighting will be attached to the centre or cross span of a suitable non lined structure.
- 5 Trade Stands undertaking their own internal wiring must inform the Organisers before the event and a completion certificate for this work must be produced and a copy lodged with the organiser. The Trade Stand shall be responsible for conforming to BS7671: 2008 IEE Wiring regulation 17th Edition Part 7 Special Installations or Locations 705, 711, 717. All relevant Health & Safety requirements. Electrical Test and completion certification must be issued prior to energising the supply.
The installation shall be confined to the Trade Stand where each supply is terminated.
- 6 There shall be no interference with the electrical installation once connected to each trade stand, only contractor's electrical engineers will be authorised access to the installation.
- 7 Every effort will be made to provide an uninterrupted power supply. However, no liability will be accepted by the organiser or the contractor for consequential loss or damage due to power failure.
- 8 Anti – Surge Protection. Electronic equipment, Computer equipment or Computer programmed equipment may be affected by generator voltage variations / fluctuations / spikes. Neither the organiser or the contractor will be liable for any damage to electronic or computer equipment failures / damage.
- 9 **Generators will be operational from 1200 hrs on the day before the event until close of the event on the final day.** Every effort will be made to ensure Trade Stands have electricity from this time.
- 10 Completion of electricity supply booking form does not bind the organiser or the contractor to offer a supply. A repayment will be made if it is not possible to provide electricity supply.
- 11 Equipment or appliances connected to the 13 amp socket outlets must be safe, in good condition and designed for the purpose intended. **Only 1 No suitable 13 amp rated multi way socket with a maximum of 1 metre of flexible cable shall be connected to a 13 amp socket outlet.**
- 12 **Payment for the supply of electricity will be required with the electricity supply booking form no later than the date stated on the booking form. Applications received late or without full payment will not guarantee connection of electricity and will be subject to the surcharge shown.**
- 13 **Failure to comply with the above conditions may, at the organiser's discretion, cause the supply of electricity to be withdrawn.**

Note: VAT receipts will be issued following payment in full and sent to the address given on the supply Booking Form.
